

RECALL DATE CHANGES – IMPORTANT NOTICE

Dear Retailer,

We want to draw your attention to the Recall Date change information on the website – as there is a significant increase in extended and shortened recall dates at the moment.

Many of these changes are because of the shipping delays and inconsistent flow of titles while we tried to ensure you have copies onsale rather than empty pockets.

We urge you to pay particular attention when processing returns over the next month or so especially while many of these recall dates have been brought forward.

Stay well & keep safe and be kind,

Regards,

The team at Are Direct
